

Recognition of our Commitment: Award for Excellence in ESG

Dear Partners,

With great pride, we announce that our company, **ISOPIPE S.A.**, is now among the **14 selected businesses in Greece** that have received official **ESG** (Environmental, Social, and Governance) **certification**. This significant distinction was awarded by the ICAP Group, recognizing our excellence in sustainability and responsible business practices.

ISOPIPE S.A., as a pioneer manufacturing company, it remains committed to its mission of delivering products and services of high quality that reflects the principles of responsibility and sustainability.

Thanks to our efforts, we leave our print through our initiatives on the environment and society. Our recent **ESG evaluation**, in which we received an **A Score**, places our company in the category of **Excellent Performance**. This distinction confirms the effectiveness of our strategies in the areas of environmental protection and social responsibility.

This acknowledgement enhances our commitment for development based on our values, but of course with respect to human life and in general to the planet, providing a sustainable future for all.

Together, we will Rebuild the Future!

Sincerely,

Mrs. Nancy Markati

Quality Assurance Manager
